EZ-Dumper®

The **Next** *Generation of Hydraulic Dump Inserts*

Turn Your *Pickup* Into a *Dump Truck* in 2 Hours!

The ***EZ-Dumper***® Dump Insert is the perfect solution for landscapers, general contractors and handy homeowners. It bolts directly to most full-size pickup trucks in about two hours with few or no alterations. It dumps and lowers using a 12V Monarch Hydraulic Double-Acting Pump that is connected directly to your truck's battery. It is also available in a 6' model that fits most short bed trucks and has a payload capacity of 1.5 cubic yards!

Never unload your truck by hand again.

The ***EZ-Dumper***® loads and unloads up to 6,000 pounds; or two cubic yards of mulch, topsoil, crushed stone, grain, or firewood.

Easy to install and operate.

All you need are a few common tools. No alterations are needed for most trucks. Simply slide the ***EZ-Dumper***® into your truck bed, secure it with bolts in the holes already on your truck, and you're ready to go. To empty a payload, just open the tailgate and push the button on your remote. The ***EZ-Dumper***® lifts to an angle of 48 degrees in under 30 seconds for quick and clean unloading.

Built to outlast your pickup.

The ***EZ-Dumper***® is designed to take a beating, rendering years of reliable service without complaint. The sides are 14 gauge steel, backed by a structural steel frame and the deck is 12 gauge steel. This workhorse is likely to outlive your next two or three pickup trucks; we have proof – call us!

Utility Body Insert

STANDARD *Features*

Double Acting Tailgate

Remote Control

Hydraulic Cylinder

12V Electric Motor

OPTIONAL *Accessories*

Deluxe Cab Protector

Protect your cab from whatever you are hauling with the optional Deluxe Cab Protector. Made from heavy gauge steel, it secures to the top of the insert for a seamless, custom look.

Side Rail Extensions

A must-have for transporting loose materials, these metal Side Rail Extensions are a great addition to your ***EZ-Dumper***®. You can nearly double your capacity, while keeping your load secure.

Personalize it with your company logo.

Tarp Roller Kit

This sturdy PVC mesh tarp kit contains your load and easily rolls up and out of the way when not in use. It secures to the top of the cab protector and comes in black.
